

June 19, 1962

Captain Elliott B. Roberts
c/o U. S. Coast & Geodetic Survey
Department of Commerce
Washington 25, D. C.
U. S. A.

Dear Captain Roberts:

I have been informed that you have resigned to the Presidency of the Committee of Geomagnetism and Aeronomy of the PAIGH since you are also leaving the Coast & Geodetic Survey.

Although we know of the ability and competency of Captain Robert A. Earle, who will substitute you, we very much regret the decision you have made and sincerely hope it has nothing to do with your health.

Please extend my wife's and my regards to your charming wife and you receive my best wishes and highest esteem.

Best sincerely,

Ricardo Monges López
