November 29, 1963

Captain Elliot B. Roberts Ret.
Geonautics, Inc.
Dupont Circle Building,
1346 Connecticut Ave.,
N.W., Washington 6, D. C.

Dear Captain Roberts,

I have been unable to answer your letter of October 4th due to the fact that I have made several trips outside of Mexico to attend geodetic and geophysics conventions.

I wish to advise you that I am no longer the director of the Institute and that the director is now Dr. Julian Adem.

As your inquiries are of a technical nature, I am referring your letter to Ing. Manuel Medina Peralta, who is our specialist with regard to geodetic work, in order that he may answer it directly.

With best regards, I remain,

Sincerely yours,

Ing. Ricardo Monges López

c.c. Ing. Manuel Medina Peralta.
