ADRESSE POSTALE :
SECRÉTARIAT CSAGI, M. NICOLET
C/O SERVICE DU RAYONNEMENT, IRM.
3 AVENUE CIRCULAIRE
UCCLE (BELGIQUE)

March 23, 1954.

Dear Sir,

Pursuant to my letter of January 15, 1954, may I transmit the following information concerning the Assembly of the Comité Spécial de l'Année Géophysique Internationale. The Committee will meet at Rome, September 30 to October 4, inclusive, immediately following the General Assembly of the UGGI. The Committee renews its invitation to National Committees, confirmed in my earlier letter, to send observers who are interested in one or more of the several parts of the program of the AGI. The presence of such observers will be very helpful in the preparation of the world program, which will be organized at the Assembly.

May we ask that if your National Committee is able to send one or more such observers to the Assembly of the CSAGI, that it designate one observer can in the first place be the spokesman for any special views which your committee may wish to put before the CSAGI. He can also be a means of informing your Committee more immediately after the meeting as to the proceedings of the CSAGI, before it is possible for the final documents of the meeting to be prepared and circulated.

Sincerely yours,

Marcel NICOLET,
General Secretary CSAGI.
