MEXICO PROJECT
C/O US EMBASSY
MEXICO CITY, MEXICO

22 March 1974

SUBJECT: Joint US-Mexican Gravity Surveys

TO: US Immigration and Customs Officials
US Mexican Border Points, USA
FROM: Cartographic Representative
DMA IAGS Mexico Project

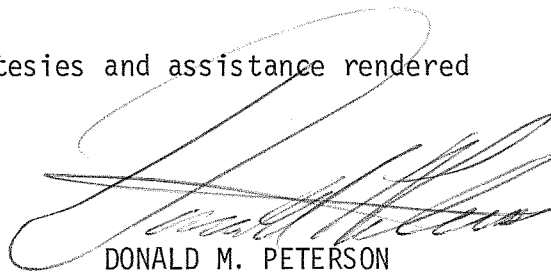

1. It is respectfully requested that all courtesies and assistance be given to Julio Monges Caldera, Mexican Collaborator with the Defense Mapping Agency in order that he and his group may enter the United States to join the Mexican Gravity network to the US System and proceed to Austin, Texas to calibrate the gravity meters at the Texas Instrument factory.

2. Mr. Monges will be carrying with him, two La Coste-Romberg gravity meters Nos. 143 and 247 which are property of the Department of Defense, Defense Mapping Agency and on official hand receipt to Mr. Monges.

3. The party of technicians on this sojourn are composed of:

Mr. Julio Monges Caldera, Chief of Party
Mr. Virgilio Saenz Vallejo, Technician
Mr. Manuel Mena Jara, Technician

Thanking you in advance for the courtesies and assistance rendered to Mr. Monges and party, I remain.

DONALD M. PETERSON
Cartographic Representative
